Shipping Solutions

SendStation™ Tablet

The smarter way to ship.

Easily manage shipping from your office.

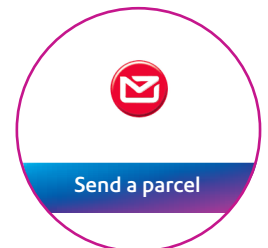

Empower users

Designed with the user in mind, the full-colour 10.5" touchscreen user interface makes it easy to generate a fully trackable shipping label.

Maximise parcel discounts

Utilise the Pitney Bowes parcel discounts from Courier Post when you ship parcels using the SendStation Tablet. Smaller businesses can enjoy larger discounts.

Print a trackable label from the integrated printer

Print your fully trackable label from the integrated thermal label printer and apply directly to your parcel.

Trackpak or custom box options available

Select from Courier Post Trackpak or custom box options. Order your Trackpak and label supplies from Pitney Bowes. Save your commonly used box sizes in the Shipping APP.

Boost your business' productivity with the latest technology.

- Courier post nationwide shipping services available.
- Choose between Trackpaks, custom packaging and economy options.
- Fully track-able labels printed.
- Easily book your pick up from the Shipping App.
- Simple easy to use Shipping User Interface.
- Receive monthly invoice from Pitney Bowes for any parcels picked up for delivery by Courier Post.

Simple

You invest a lot in your business image. Protect that investment with consistent, professionally labelled parcels.

Accurate

Take out the worry and risk by eliminating errors from preparing shipping labels by hand. Verify the recipient address with the Courier Post system in real time.

Productive

Eliminate the time you spend hand writing parcels by using the Address Book in the SendStation shipping application.

Pay as you go

Receive a monthly invoice from Pitney Bowes for all parcels picked up by Courier Post for delivery. Invoice paid by Direct Debit.
